

Mika Anttonen

Founder and Chairman
St1

Mika Anttonen M.Sc.(Tech.) is the founder and principal shareholder of the energy company St1. He began his career as a private entrepreneur in the fuel trade in 1996 and rapidly built up a diverse Nordic energy company which today pursues its vision to become a leading producer and seller of CO₂-aware energy. The company is investing heavily in renewable energy research and production, ranging from industrial wind power to advanced biofuels and geothermal heat. Mika is currently Chairman of the Board at St1.
